

## DRIVINGS INSTRUCTIONS TO EL PUENTE

The address is:

El Puente 3, Block 1, Apto 127, Calle Don José de Orbaneja s/n (no number) Sitio De Calahonda E-29 647 Mijas Costa, Spain.

You sit in the car at the Malaga Airport.

Put trip meter on zero. Drive to towards the direction Cadiz. After about 2 km drive slightly to the right in direction Algeciras. You are now driving along the new motorway. When the trip meter shows about 30 km you drive off at the Calahonda junction, km pole 201. There will soon be a toll post where you pay. Credit cards work well. It is always best to use the toll road. Further down along the coast there is the old Autovia de Mediterráneo which is quite dangerous.

After a short while you will reach a roundabout where you take the second exit which is headed to Sitio de Calahonda. (The sign may be missing.) Soon there is a T-crossing. Drive to the right through the tunnel. Then there will be another roundabout. Take the third exit. After the STOP sign, turn to the right. You will see the restaurant Miel y Nata, Honey and Cream, which is quite a good restaurant. Restaurant Bruno in Cabo Pino ist also really good. You are now driving upwards all the time. You are passing a gate with the text El Puente 3. Continue driving up hill. Look carefully, on the right wall you will see, Jose Orbaneja 22 Aptos 101 -129. Stop before that and park the car towards the building preferably by reverse. It will then be easier to drive out when other cars are speeding by. Go to the gate Bloque 1. Then turn to the left and take the second stairs from the left and go up until you see the door 127 FEDERLEY. Turn the key in the lock of the safe gate and the dorr until the they open. Then turn the key back into horizontal position and take out the key . Remember to lock the outer door and port with the key, otherwise it will remain open. The hot water boiler may be off. The boiler is situated in the big cupboard on the right-hand side in the big bedroom and the switch is on the right side of the boiler. Put it ON. It will take some time before the water is hot. The roof terrace belongs to my apartment. The key is to be found in the drawer under the mirror in the dining-room. When you are back home please return the key of the apartment to me.

Have a nice holiday!

If you need any help contact Ms Ritva Karjalainen takes care of the apartment. +34-670-67 42 73

You are free to use connection either by cable of via WLAN. SSID Federley Password Finlandia.

From the roundabout after the toll there is a way down. After 1km you will come to a shopping center Los Olivos where you find a good super market.

**The gate code you will get from me!**
